## Notes From The G

*Gerri Lum, Pro Shop Manager:*

It's cold now. After the initial promise of a welcoming Spring, it's cold now. The kind of cold, that makes the idea of jumping into a vat of ore smelt a viable option. The morning started out cold and never really came to warm up. Even when the sun peaked through the mostly cloudy skies, it never really warmed up. I am here to tell you it was cold.

Yet through this bitterness, the demo-day sponsored by Mizuno Golf, was a success. 100% of those who ventured out into the less than favorable temperatures and the winds blowing in from the southeast, met with the Mizuno rep, Mason Wolf assisted by our very own Cole Lee and walked away with a new set of personally fitted golf clubs. Impressive stat, right? Well, to be honest, there were two (2) hearty souls, determined not to let the opportunity slip by without a proper look-see. Mason, says that he will see if he can make some room in his schedule this summer, to stop by once again, so to have another demo-day so that the weather, at least the cold part, should not be a factor. Thanks Mason and Cole for weathering the conditions and allowing those who did brave the elements to walk away satisfied.

On another front...

The Spring season is upon us, and while the roar of the departing lion may still be heard, we are anticipating a wonderful golf season. We have been diligently working to get our golf cars in shape to handle the traffic – as experienced by some less fortunate, the car fleet had been a source of frustration with the unbearable cold (see also the viable option referenced above) and the effects it had on the cars batteries. A special thank you to Robert & Shane who went over the cars in these less than ideal conditions to have a working cart fleet.

Thanks to all of you who attended the Member League drawing on Wednesday, March 25<sup>th</sup>. We look forward to a great season. For those of you that are looking for a partner, we haven't forgotten you. The feelers are out and anyone with interest will be advised. Remember as well, only one (1) partner must be a member of Rock Harbor. We most certainly welcome non-members to play in these leagues and while doing so, we offer the non-member to play for \$36.00 per round, including weekends. Hopefully, they will see the comradery gained through these leagues is beneficial to becoming a member of Rock Harbor.

Have a good spring, everyone! Until next time (*a hui hou*).

*"If you are caught  
on a golf course  
during a storm  
and are afraid of  
lightening, hold  
up a 1-iron, not  
even God can hit  
a 1-iron."*

## Fleet Maintenance

Robert Rissler has been working on golf cart maintenance for over a month now to get the 100+ carts ready for the 2015 season. Shane Rohrbaugh, mechanic from Stuart M Perry, was called in to help finish the immense job. The carts needed everything from minor maintenance to major over hauls. This has been a very large job for Robert and Shane but they plan to have all the carts back in rotation and ready in time for the busy Spring golfing season.
