## Member Corner: Tom Adams

### *Misty Fields:*

Tom is a fairly new addition to Rock Harbor, joining us in August of 2017. He moved to Winchester about 5 years ago with his family from Texas. Tom moved here as a relocation for his job. He was working for Crown, Cork & Seal in Texas and was offered a better job at the plant in Winchester. He took the job and moved his family north. The Winchester CC&S plant does 25 million beverage tops— A Day! and is in 40 different countries. Tom has the busy job of Maintenance

Mechanic of the presses. I can imagine that after 25 million presses each day there is always some maintenance to be done. Tom and his family are no strangers to moving and relocating. They have also lived in Ohio, California, Tennessee, and Washington state. Their favorite so far is Texas.

Tom grew up in Cincinnati, Ohio, just like any other kid, he liked riding dirt bikes with his friends,

paced motocross and 4-wheelers. But most kids don't go pro and earn a paycheck from these childhood dreams of speed, but Tom did. When he was 24 he entered the Pulaski County fair in Kentucky and won a 1st place prize for a mud drag contest, he took home a check for \$35.00. That was the end of his mud dragging career, but the memories still live on.

After high school Tom joined the Army as a Calvary Scout, he was stationed in LA and Germany. After his time was finished Tom didn't stay, but while there he developed a great respect for those who decide to stay and make careers out of the military.

Tom and his wife, Denise have 3 boys, ages 33, 36 & 38, and they also have a 7 year old daughter that they adopted at birth.

Tom and Denise enjoy spending time with their church family and going

out to dinner. Denise was Tom's driving force behind Tom signing up for his golf membership, she thought it would be good for him and it has been. To date, Tom mainly plays golf alone, which he really enjoys, but he is considering joining a league this season, maybe the Blue Thunder or the Seniors. He's still undecided. Maybe the March 14th Social would be a great opportunity for some of the current members of the leagues to introduce yourself to Tom and invite him to join one of the leagues.

Tom said that Rock #16 is one of his favorite holes because for him it is the most drivable Par 4.

His least favorite is Boulder #2, its tough but he has parred it a few times.

If you haven't met Tom or his wife Denise, introduce yourselves you will find him very social and easy to talk to about anything.

Kathleen & Mike O'Dell. February 25, 2017— 1 Year

Dave & Mary Lou Schroeder. February 26, 1952— 66 Years

*December 19, 2017*

An Albatross makes a rare appearance on Rock Course #8. Sterling Keen, soared in rarified airspace having scored a double eagle aka albatross hitting his driver and followed it up with a hybrid 5. After spending a few minutes looking for his ball that he swore was headed toward the green, one of his fellow competitors, exclaimed that his ball was laying at the bottom of the cup.

Congratulations, Sterling. Well played, sir.
