## Member Corner: The Williams

By: Misty Fields

Most people don't like to move, in fact, they find it one of their most stressful life events, especially if its an unwanted move. This is where the Williams are unique. They like to move. In fact, they like to move so much they have lived in all but 4 states within the US and have even lived in foreign countries. Vicci said that she finds moving to be a cleansing experience. You get to go through all your things and get rid of what you don't need. She said, you begin to find that you don't need all the things you once thought you did.

Vicci and Larry Williams have been married for 45 years. Most of their moves have been career related but a few, like the last move to Winchester, was by choice. They both wanted to be closer to their three-year-old granddaughter,

Parker, who lives in Herndon, VA.

When the Williams began to look at areas to live in near Herdon, they first investigated the golf course situation. This is how they found Rock Harbor. In fact, they found, fell in love and became members at Rock Harbor even before they found a house in the area, that is how much they liked the course.

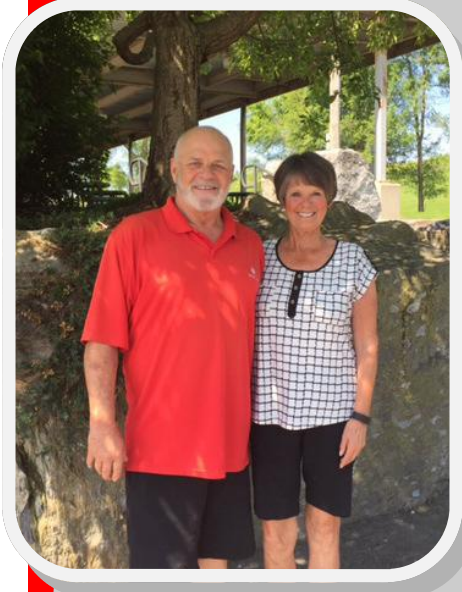

The Williams have been members of other courses over the years and their favorite was Maple Ridge Gold Course in GA. When they were deciding to move from GA to VA they thought they would never find another course that would compare with Maple Ridge, but when they found RH they knew they found what they were looking for.

Vicci and Larry are both active and adventurous people in addition

to golfing they also love snow skiing and surfing. One of their moves was based on their love of snow skiing, they lived in Colorado for over 16 years, which is one of their longest stays anywhere.

Both Vicci and Larry have played golf for over 27 years. They play everywhere they go including Las Vegas and Florida. The Williams have only been members at RH since October 2015 but have already developed some opinions of their favorite and least favorite holes. For Vicci, No. 8 B is a favorite because of the view and No. 16 B is her least favorite simply because she does not play it well. Larry enjoys No. 15 R because of the layout of the hole and No. 2 B is one of his least favorites.

So the big question is...will the Williams move again? Vicci says, NO.

July 4th Outing

Glow Ball Event (6/25)

Member/Guest Continued.....

# Rock Harbor News

....So here we go to 12 Rock. It's getting late, the sun is getting lower, and everyone is getting tired. At this point we have played 27 holes yesterday and 24 holes today. That's a lot of golf! So as the players dig deep, they tee off. This hole surprised me as 3 out of the 4 players had to drop or re-tee. This is where Dean Shewbridge and guest Paul Ways became victorious.

It was a long, but fun weekend. I hope you all enjoyed it as much as I did. I appreciate all of you and wish you a great month.
