Organizer of this extravaganza is our very own Sterling Keen, member of RH since 2014. On behalf of Sterling, his lovely wife Charlotte, and RH, we would like to extend our thanks to:

Anna Quinn Jeweler, LLC

Stuart M. Perry, Inc.

The Pifer Companies

Chem-Pak, Inc.

The Optical Center, Inc.

Verizon

Edward Jones Investments

The above companies generously sponsored this weekends event. Thank you again to the participants whose gamesmanship displayed itself through tough weather conditions.

An interesting side note, as if the weather leading up to this weekend wasn't biblical enough, during the last day of the tournament, we had our own version of the "Burning Bush" (NO NOT G.W.) A tree above the 4th green was set ablaze and the quick actions of players and staff prevented ol' smokey from doing a public service announcement here on our property.
