Employee Spotlight: Taylor Jones

Taylor Jones will be joining the RH family on June 1, 2020 as our Head Golf Professional. Taylor has been playing golf most of his life that started with hitting balls with his dad. This fun childhood activity has turned into a career for Taylor and he recently graduated from the Professional Golfers Career Collage in South Carolina. While in S. Carolina he worked at Harbour Town Golf Links, which is the course to play after the Masters.

Taylor currently works at Piedmont Golf Club in Haymarket, VA. They are all very sad to see him go but have wished him well in his career journey to be a Head Professional.

Taylor is 30 years old and recently married, his wife's name is also Taylor. This could become a little confusing with the postal service but I think we can figure

who is who.

Taylor said he hopes to continue fostering the family environment and bring the members and public closer to each other. He is looking forward to private lessons, clinics and camps for the kids. He doesn't want anyone to be intimidated by his title or feel shy to ask for lessons or help, he said "Nobody's hit more bad shots than me." He also feels that golf etiquette carries over into the everyday life, so teaching and upholding those standards is really important to him, on and off the course.

Please introduce yourself to Taylor as he gets to know each one of you. Some of his other hobbies include: Fly fishing, hunting, outdoor activities, yard work and family time, maybe this will give you some starting points to begin a conversation and get to know Taylor a little better.

Please Don't Do This!

We never want or allow anyone to play in a 5-some. You must break up and play as a twosome and threesome group. Please don't do this!

Mark Clem: Assistant Superintendent

Mark Clem has been a member of the Rock Harbor family for 18 years. On June 11th, Mark will be moving to Tennessee. We wish him well in all that he does. Please make time to say goodbye to Mark and thank him for all his hard work.

Mark, back row, 3rd from the right with the maintenance crew in September of 2017

Mark hand watering the greens during a very dry summer in 2017

Mark is replacing the fuel line in the 5210 John Deer Tractor that mows and maintains the course roughs, in February 2015.
